McKevit Manor, Graceland's house for nursing students, was named after Margaret M who came to Graceland College in 1969 to develop a nursing program, whereby the 13 student graduated in 1971. Prior to Graceland establishing a nursing program, aspiring nursing s would attend Graceland for one year and then complete the next three years at the Indepe Sanitarium and Hospital (currently Independence Regional Health Center), finally completi education with a nursing diploma. Graceland University now offers BSN and MSN degree

The Graceland Independence campus is complemented annually by 75-80 BS students, who receive their class studies from outstanding professors and achieve their experience in clinical settings in various hospitals in the metropolitan Kansas City Area.

Graceland's Independence campus is unique to the Lamoni campus in the dormitorie an option. The students either live with family, friends, or other nursing students, a socialization is focused primarily around class times, rather than regular "house" activit however, had a Fall Fling (bowling party), Christmas caroling, and a Steak Fry in May, imm following the last of our finals.
